

## **Educational MOU signed between Taiwan and Prince George's County**

WASHINGTON, D.C. (July 25, 2022) — In order to further strengthen educational cooperation between Taiwan and the United States, as well as to promote Taiwan's high-quality Mandarin language instruction, a new Memorandum of Understanding has been signed between Taiwan's Wagor International School and the Board of Education of Prince George's County in Maryland. The MOU is based on the framework of a previous MOU agreed to by Taiwan's Ministry of Education and the Maryland State Department of Education which focused on strengthening cooperation and exchanges between both sides' K-12 schools.

Both sides consider that such kinds of educational collaboration will be mutually beneficial. It is also expected that the signing may provide more opportunities that will enhance their capacity to explore mutually beneficial collaborative projects between the schools, so as to foster knowledge and appreciation of each side's culture.

We believe that this educational cooperation between Taiwan and Maryland will help create a significant foundation for preparing a globally competent generation to succeed in tomorrow's world.
