North Carolina's Seal of Biliteracy

Global Language Endorsement World Language External Exams

2025 - 2026

NCDPI Approved External Exams for World Languages for use with the GLE

If one of the following external assessments is used to meet the World Languages requirement for the Global Languages Endorsement, then a copy of the score report is to be placed in the student's permanent file. Each of the tests listed below may be used to satisfy this option requirement. Below is a conversion chart to use to guide your data manager as to which proficiency level to enter and what will show on the student transcript.

The following table is a list of the DPI approved vendor exams, the minimum requirements for skills tests, and score report conversions.

As indicated on individual tests below, if there is no composite score, use the lowest score on the test that involves productive literacy (writing) and/or communication (speaking/signing) with others for the proficiency rating.
