

For the HES applicants 2020 (who already submitted the application in 2020)

Regrettably, 2020 HES were all suspended due to COVID-19 development. If you submitted the application in 2020 and still feel interested, please provide the updated admission letter from any university-affiliated Mandarin center and email it to yangyang@mail.moe.gov.tw for the period of **2 month this summer** or **3. 6. 9. 12 months between this Sep until next August**.

Your last year's application will be regarded as valid **as long as you can provide the updated admission letter before Mar 31**. However, there's no guarantee of winning the scholarship as the applicants from last year and from this year will become a larger pool and the HES committee will make a final selection.

Thank You for your patience and understanding.
