# INVITATION

To promote connectivity, strengthen human resource development and increase awareness and understanding of regional issues, the **2024 APEC Youth Capacity Building Training & Model APEC Conference** will be hosted in Taipei on **4th-5th July, 2024**.

In the proposed Model APEC conference, participants will be grouped in panels and discuss issues related to each APEC member economy. They will be provided with recent data and information, and after discussion, they will be asked to present their proposals on the subject matter to seek support or exchange opinions with other participants. Through the training process, the regional youth will develop their competencies through voicing their perspectives on regional issues and constructing relevant dialogue with participants from other member economies. By nurturing future talents with global vision and encouraging them to contribute to regional growth, this project will effectively foster sustainable human capital for the region.

We sincerely invite regional youths and college students to participate in this 2-day event. Each member economy is able to nominate up to **2 qualified participants** by **10th June 2024** to attend the forum. The selected participants will be provided with (1) one round-trip direct flight in economy class ticket to and from Taipei; (2) accommodation from 3rd-6th July (3 nights); and (3) breakfast and lunch during the 2-day event (4th-5th July 2024).
